

How to find us

The library is right next-door to Tesco's which has a large car park so there is ample parking space.

For those who need to use public transport, Hemsworth Bus Station is an integral part of the Tesco's complex, and is actually between Tesco's and the Library! Hemsworth served by the following bus services:

28/28c	Pontefract-Barnsley
36	South Elmsall-Barnsley
37	Ryhill-South Elmsall
195	Wakefield-Hemsworth
196	Wakefield-Newstead
249	Upton-Pontefract
298	South Heindley-Pontefract
496/7	Wakefield-Upton

There are three railway stations nearby from where you can access buses to get into Hemsworth. These are Fitzwilliam Station (buses 223/496/497) Moorthorpe Station and South Elmsall Station (buses 223/496/36)."

Most of the bus timetables are available in printed format in the library. For further details or other formats consult:

Yorkshire Black Sheep Modellers

Contact
yorkshireblacksheepmodellers@btinternet.com

The *Yorkshire Black Sheep Modellers* were formed in 2018 by a small group of modelers to provide an extra opportunity to get together, and to serve the needs of the Hemsworth area. The club is a branch of the IPMS(UK) which the membership has grown steadily to in excess of 20 members.

Meetings are held on the first and third Saturdays of every month at the Hemsworth Library (see below). There are no formal start/finish times, and we are there from 09:30 to around 12:30. Some of us meet in the Tesco's adjoining the library for breakfast at about 09:00.

Our small group has modellers of all ages, abilities and interests. We are a “bring and make” group, with members bringing their latest projects to make. As we are in a public setting in the library, you need to bring

your own board and tools, and ensure they are safely used and stored.

If you would like to join our group you will be most welcome. The first two meetings are free, and then it is £1.00 per meeting there after, paying only for the meetings you actually can attend.

We also have a secure cabinet inside the library entrance where we can display our completed models.

We are a very friendly and informal group, that look forward to welcoming you to our meetings.

Michael Lomax—Secretary
